

E911 Phase II
TIER III INTERIM REPORT

Telemetrix Inc.

July 28, 2003

1. **The number of Phase I and Phase II requests from PSAPs (including those the carrier may consider invalid):**
 - (a) Describe the specific sources of any problems encountered in meeting any valid PSAP request, including any trunking problems, other LEC issues, problems in coordination with state or locality, specific PSAP issues, location technology issues, other vendor or equipment issues, data-base problems, funding limitations, or any other problem encountered.
None
 - (b) If you have determined that the PSAP request is not valid, what steps have you or the PSAP taken to resolve outstanding issues? What has been the outcome?
Not Applicable
 - (c) Do you have any valid PSAP requests that have been or that you anticipate will be outstanding longer than six months? If so, what are the problems that you have encountered that have caused or contributed to the delay?
None
2. **The carrier's specific technology choice (i.e., network-based or handset-based solution, as well as the type of technology used):**
 - (a) If you have begun implementation, have you experienced any problems, and if so, what are the major sources of the difficulties, and what would resolve them?
Not Applicable
3. **Status on ordering and/or installing necessary network equipment:**
 - (a) Have you begun to order equipment?
No, the software revision for our MSC (switch) was scheduled for release in Dec. 2002. It has not yet been released.
 - (b) If so, what problems, if any, have you encountered?
Not Applicable

- (c) If you have begun installing necessary equipment, what problems, if any, have you encountered?
Not Applicable
 - (d) What problems do you anticipate encountering in ordering and installing necessary equipment?
Not Applicable
- 4. **If the carrier is pursuing a handset-based solution, please include information on whether ALI-capable handsets are now available, and whether the carrier has obtained ALI-capable handsets or has agreements in place to obtain these handsets:**
 - (a) If you have been unable to obtain ALI-capable handsets, what has been the major source of the problem? What have you done to resolve it?
Telemetrix has not yet launched local service.
 - (b) Have you encountered any problems in negotiating agreements to obtain these handsets?
Not Applicable
 - (c) Do you anticipate any problems in marketing ALI-capable handsets to your customers?
No. Reference (a) above
- 5. **The estimated date on which Phase II service will first be available in the carrier's network: October 1, 2003**
 - (a) What problems are you encountering or do you anticipate encountering in making Phase II service available in your service area or in any part of your service area?
None at this time.
- 6. **Information on whether the carrier is on schedule to meet the ultimate implementation date of December 31, 2005. Telemetrix is on Schedule.**
 - (a) If not, what factors are contributing to your anticipated problems?
Not Applicable
